

COSMETIC SURGERY FINANCING

Fees and Financing

We are committed to providing the best possible care and to keeping costs as low as possible. We will discuss estimated fees with you prior to surgery.

Cosmetic surgery is elective and therefore not covered by insurance.

We accept most major credit cards, checks, and cash.

Now patients have the option to finance their procedure through cosmetic surgery financing companies. Cosmetic surgery financing companies were created for people who don't want to tie up their traditional credit sources with medical debt or those who simply can't afford to pay out-of-pocket healthcare charges at one time. It is no longer necessary to delay a surgical procedure that you really want, nor worry about the inability to pay for treatment. Cosmetic surgery financing companies allow you to make low monthly payments over an extended period of time.

Applying is easy. Most of the time, the same day you apply, the cosmetic surgery financing companies can help you secure financing so you can schedule your procedure right away. If you would like assistance in applying, our staff will be more than happy to apply for you online once you have completed and signed the application form.

- **CareCredit** – You may apply online at CareCredit.com
- **SurgeryLoans.com** – You may apply online at www.surgeryloans.com or by calling 1-888-502-8020.
